

A scatter plot showing the relationship between the number of wins and losses for the 2016 US Presidential election. The x-axis represents the number of wins, ranging from -0.04 to 0.03. The y-axis represents the number of losses, ranging from -0.04 to 0.03. Blue dots represent 'Wins' and red dots represent 'Losses'. The data points are scattered across the plot, with a notable concentration of points near the origin (0,0). A legend in the bottom-left corner identifies the blue dots as 'Wins' and the red dots as 'Losses'.
